Location overview.

The water tower was constructed in the nineteenth century and captivates its guests from the very first with its unique historical charm and its extraordinary ambiance. Enter the building from underground via a 25-metre conveyor belt and let yourself be taken on a visual and musical journey into the heart of the water tower. The building's uniqueness is emphasised by the MEMORY art project, traces of which can be found throughout the entire hotel.

The nearby trade fair and congress centre, the trendy Schanzen neighbourhood, the city's elegant shopping mile, as well as parks and places of interest, which are all found close to the hotel, are easily reached within minutes by underground and suburban railway, as well as by bus.

Rooms amenities.

All the rooms are equipped with airconditioning, plasma screen television with entertainment system and alarm call, direct dial telephone with voice mail, wireless high-speed internet access, hair dryer, minibar and room safe. All rooms in the upper floors give you an opportunity to enjoy an unforgettable view of the green and beautiful city of Hamburg.

A breath-taking view from the pinnacle is provided by the two tower suites, which are both 70 sqm on two floors, and are found in the dome of the water tower at a height of 60 metres.

Dining entertainment.

Start with our tangy, fresh buffet breakfast, which will help you start your day full of verve and, when the weather is fine, you can also enjoy it on the terrace. Our kitchen chef will enchant you throughout the day with a variety of sumptuous delicacies – let yourself be taken on a tour of culinary highlights. Our famous Swiss hospitality will turn your visit to the Mövenpick Hotel Restaurant into an unforgettable experience.

In the Cave bar, relax in the popular lounge ambiance. The perfect combination of historical domed ceilings and lifestyle features bestows a unique character and atmosphere on the Cave. Taste our bartender's unusual cocktail creations or relax over a glass of wine.

Sport leisure.

Following a strenuous shopping expedition or a hectic day, unwind in our wellness area, an oasis of repose. Two saunas with a correspondingly harmonious relaxation room, a wellness shower with tingling effect and the most up-to-date exercise machines banish any exhaustion and leave you ready to face the next day.

Hamburg boasts many different historical places of interest such as St. Michael's church, known as Michel, the magnificent town hall and the lively and animated old warehouse district.

Hamburg is famous for its musicals and the "Reeperbahn", of course. At the countless small and large theatres and concert halls in the city, top-class theatre companies as well as the Hamburg Opera enjoy international success and recognition. The extensive parks and green spaces, the Alster and Elbe river as well as the impressive port offers an ideal contrast to the pulsating city life. From the Mövenpick Hotel Hamburg you can reach all these places on foot.

Conferences banquets.

We are your specialist partner for arranging conferences, business events or private celebrations.

The 13 conference rooms (12 of which have natural daylight) are fitted with the most up-to-date event equipment, are fully airconditioned and offer every convenience to guests over an area of 570 sqm. The largest room, Tessin, with 222 sqm, is located in a modern glass construction and, with its clear view of the park, provides plenty of room for the flow of creative ideas. The idyllic terrace is the perfect spot for a cocktail reception or a constructive business meeting. The rooms in the historical domed tower are in an elegant design.
