Radisson Collection Royal Hotel, Copenhagen

Different by **DESIGN**

The world's first Design hotel, the one true home of Danish Modernism and the only hotel ever designed by Arne Jacobsen, The Royal has always presented a bold vision for modern living.

In the heart of Copenhagen's lively neighbourhoods, stands its very first skyscraper and the original design hotel. Built in 1960, it continues to serve as an ode to architecture – both due to its fascinating façade and iconic interior. Step into a warm and welcoming space that reflects the pulse of the city through daring, dynamic design.

The 5 Star Radisson Collection Royal Hotel is a celebration to the local culture of Copenhagen and has a universal sense of style that is constantly reinventing itself. Its scenery has been avant-garde and timeless since serving as an epicentre for designer Arne Jacobsen's pioneering spirit and imagination.

The first, the one, the only... Different by Design.

Take in a panoramic experience of the Danish mecca from the hotel's 20th floor, including spectacular views of Tivoli Gardens and the metropolitan life of Copenhagen.

Unforgettable **DINING**

THE ROYAL MEETING SPACE

A sense of heritage and design-led lifestyle dominates the meeting area with a radiant calmness and sophisticated feeling of home.

A reintroduction of unique furniture pieces, such as the Egg™ and the Swan™ chairs (that were originally designed for the hotel) enables the hotel to revel in iconic modernity and a bold atmospheric reinvention of the 60's. Perfectionism is a repetitive symbol of style across all Meeting

Suites – staying true to Jacobsen's originality. Art from the late 50's, The signature Spiral Staircase, characteristic marble credenzas and luxury oak tables, exclusive chairs, spectacular views and a bright ambiance are factors that fuel the experience and inspire every meeting.

Ponder in privacy in the intimate surroundings of Ægget or have a quick chat with a colleague at the breakout areas in the foyer.
