MADRID

Madrid is booming

"Madrid is the most Spanish of all the cities in Spain. the most pleasant to live, the friendliest people, and, one month with another, the best climate in the world".

Ernest Hemingway

An unbeatable location

THOMPSON MADRID: A TRUE ORIGINAL

"Thompson was born in Soho. It revolutionized the area.

Thompson was downtown before downtown was downtown."

Since its opening in September 2022, Thompson Madrid has become a true reference in the most authentic area of the capital, pioneering the transformation of Plaza del Carmen, a true gem within the historical city center.

Thompson Madrid goes back where luxury started, with an unconventional and sophisticated style, becoming the cultural epicenter of the "new golden mile of Madrid".

A TRUE ORIGINAL CAPTURES THE MOMENT BY STUDYING THE PAST TO DEFINE THE FUTURE.

CULTURE LIVES HERE

Thompson Madrid is the ambassador of true Madrilean culture, an unconventional luxury hotel; the place to live and interact culturally, where art, design and authentic gastronomy make curious guests connect to each other and to what inspires them.
